

Dental Program for NJ Food Processors Association

An Enhanced Dental Plan for Association Members

The New Jersey Food Processors Association has partnered with Delta Dental of New Jersey to offer an association Dental plan that gives member companies and their employees access to:

- Competitive pricing
- Enhanced benefits and plan features
- The largest Dental network in New Jersey

Best-in-Class Dental Carrier

Dental benefits are administered by Delta Dental of New Jersey, which was founded in 1969. Delta Dental of New Jersey is a NJ-based carrier with local claims processing, customer service and a reputation for offering the best dental product in the market.

Superior Administration

This association Delta dental program is administered by PPI Benefit Solutions through the **Boston Insurance Employee Benefit Trust (BIEBT)**. The Trust has allowed PPI to manage benefits and arrangements for participating employers as though they were one large group for over 50 years.

Advantages of Trust Membership

- Products and services typically available to larger groups
- Enhanced purchasing power and long-term renewal rate stability
- Access to high-end HR technology for streamlined benefits administration, information and reporting

Services Offered Through the Trust

- Custom billing structure
- Streamlined installation process
- Added client services support
- Access to an online reports center, including HR360 online HR library
- Employee access to BenefitHub employee discount program

Highlights of the Trust

- The Trust serves the interest of over 1,400 employer groups, with 100,000+ employees
- An employer must be a Trust member to receive PPI's products and services. Members can withdraw from the Trust and PPI's services at any time
- An employer becomes a member of the Trust by way of a simple trust application and by paying the \$10 per month membership fee
- Principal Trust Company is the trustee of the Trust
- Bank of America provides lock box services for the trustee and Trust participants
- PPI provides unique and valuable administrative services to Trust members, including consolidated enrollment and eligibility, billing and premium collection, and web resources

A Trusted Partner

Wideman & Co., a multigenerational insurance brokerage based in Haddonfield, NJ, has been an insurance partner with the NJFPA for over 10 years. They have worked with Delta Dental and PPI Benefit Solutions to offer this program as an added value for members of the association.
